

In September 2021, four families filed a lawsuit in Allen Superior Court, Case No. 02D09-2109-PL-000366, in which they objected to certain procedures related to COVID-19. The named defendants included Northwest Allen County Schools (NACS) and certain NACS School Board members and employees, as well as various state and county entities and officials.

The four families and NACS are pleased to announce that they have reached an amicable resolution of their disputes with each other. As a result, the portions of the lawsuit against NACS, its board members, and employees will be dismissed. However, the four families and NACS look forward to continuing to live and work together in a thriving school community.

The families intend to continue pursuing their remaining claims against the Indiana Department of Health, Allen County Department of Health, and state and local health officials.
