 FREQUENTLY ASKED QUESTIONS

WHO IS FIRST IN LINE TO SIGN-UP FOR CLASSES?

- 1.) The first people in line to sign-up for classes are those who were put on a waiting list for the previous session. They have been guaranteed a spot in the following session.
- 2.) The next in line to sign-up for classes are those who are currently enrolled in classes, this is called **Pre-Registration**. Instructors will give students an achievement card at the end of the last class. You may take that card to the front desk to sign up for the next session of lessons. Achievement cards must be on hand to pre-register. Pre-Registration continues until the evening of Open Registration and Evaluations. A student may miss one session of lessons and still Pre-Register.
- 3.) Lastly, **Open Registration and Evaluations for class placement** are for those who have missed two sessions in a row, or are newcomers. Remember, if you are unable to get into a class at this point, you are guaranteed a spot in the next session. To reserve a spot in the next session after being put on the waiting list, we must receive payment by the first day of Open Registration before the evaluation time.

HOW DO I KNOW IF I NEED TO HAVE AN EVALUATION?

If you would like to sign-up for an entry level class such as **Sprinklers or Red Group**, no evaluation is required. All other children must be evaluated for class placement if not previously enrolled in our classes. A child must also be evaluated if they have missed two sessions in a row. If you have only missed one session, you will not need to be evaluated. Please bring in the achievement card from the last session of lessons, this will tell us which class to enroll your child.

AGE LIMITS:

- ❖ Guppy Groups.....3-5 years old
